Computer Programming (Use the space provided to write down your answer)

11. Describe, in as much detail as possible, what this program will do.

```
when space key pressed
  forever
    move 10 steps
    if on edge, bounce
```

---

---

---

---

---

12. Describe, in as much detail as possible, what this program will do.

```
when clicked
  forever
    if touching mouse-pointer ? then
      hide
      wait 1 secs
      show
```

---

---

---

---

---

---

---

13. What will this program draw?

```
when clicked
  pen down
  repeat 4
    move 50 steps
    turn 90 degrees
```

---

---

---

---

---

14. Use the example above to help you write the steps of a program to draw a hexagon (6-sided shape as shown on the right) in the space below where the sides are 100 steps long.
