

Blackfen school Covid-19 risk assessment action plan – 26 August 2021. Updated 29 November 2021

This should be read in conjunction with the risk assessment for Stage 4 of the easing of lockdown

Sent to school staff on 30 November 2021. This plan reflects the move to **amber measures** on 17 November as advised by Public Health and the subsequent new operational guidance for schools dated 29 November 2021.

Discussed and approved remotely by the full governing body on 9 December 2021

Put on the school website and circulated to staff and parents.

Area	Comment	Applied Yes or No	Action Taken/Notes by Whom/when	Status R-A-G
Risk assessment approved by governing body	Risk assessment and action plan sent to governing body for comment and approval.	Yes	Risk assessment sent to governing body. HT	G
Risk assessment sent to staff	Risk assessment and action plan sent to staff as part of wider consultation.	Yes	Risk assessment sent to staff subject to approval. HT	G
Risk assessment sent to parents	Risk assessment and action plan sent to parents as part of wider consultation.	Yes	Risk assessment sent to parents subject to approval. HT	G
Staff have access to online support	Staff made aware of online support through Carefirst – a 24 hour counselling and advice service.	Yes	Staff notified of support in Briefing. HR and HT	G
The system of 4 controls	Staff and parents are aware of the system of controls. There are 4 of them in the guidance. 1) Ensure good hygiene for everyone 2) Maintain appropriate cleaning regimes 3) Keep indoor spaces well ventilated 4) Follow Public Health advice on testing, self-isolation and managing confirmed cases of Covid-19	Yes	System of controls reinforced through letters and in briefings with staff, parents and students. HT	G
Ventilation in school (also see below)	Ventilation in school is improved through new windows replacing older windows.	Yes	Some new windows installed. Some new windows still to be installed. GMO	G/A
	Doors and windows opened to encourage ventilation and poorly ventilated spaces identified to improve fresh air flow.	Yes	Site staff responsible for opening windows and doors in the morning every day. VMU/GMO	G

	Mechanical ventilation is adjusted to increase the ventilation rate and full fresh air wherever possible and checked to confirm that normal operation meets current guidance and that the air is not on 're-circulate'. This is balanced with providing thermal comfort to avoid extremes of temperature and children may wear warmer clothing accordingly. The Health and Safety Executive guidance on air conditioning and ventilation during the COVID-19 pandemic and CIBSE COVID-19 advice provides information.	Yes	Site Manager and team ensure this is done. VMU/GMO	G
	Schools are encouraged to follow Dfe advice to measure Co2 levels in classrooms with the installation of Co2 monitors, which will be distributed by the government from the end of August along with guidance on how to use them.	Yes	Monitors (50) have been received and have been placed in different classrooms	G
	Guidance to staff on CO2 monitor use – what actions to take to increase ventilation if CO2 levels go into the poor category	Yes	Business manager and Site manager ensure this is done with clear instructions to staff. VMU/GMO.	G
Ventilation	Windows and doors will be continue to be opened to ensure ventilation. Some classrooms have CO2 monitors in them to monitor levels. Staff will be opening windows and doors fully between lessons. In addition, the only indoor area available at break and lunch will be the canteen as at present. There are shelters in other parts of the school. With this in mind, students should wear warm clothing. The library will also be open on the specified days.	Yes	Parents and staff and students informed.	G
Use of air conditioning	Air conditioning can be used in rooms if there is adequate ventilation.	Yes	Instruction issued to staff that they can use air conditioning when windows are kept open.	G

	See https://www.hse.gov.uk/coronavirus/equipment-and-machinery/air-conditioning-and-ventilation/index.htm			
Face coverings	Face coverings are no longer advised by law for secondary students, or staff and visitors either in classrooms or in communal areas. They must be worn in enclosed and crowded spaces where people may come into contact with other people they don't normally meet such as mixing with other schools, public transport dedicated transport to school, and school transport.	Yes	HT and DHT/AHT and SSO	G
	15 November 2021 onwards – Face coverings to be worn by staff in Briefing	Yes	HT has sent a message to staff regarding wearing of face coverings at Briefings.	G
Face coverings	Students are advised to wear a face covering. However, for students in year 7 the wearing of a face covering in communal areas and in corridors, is mandatory (not in lessons). If a student is exempt, they should wear an exempt lanyard. These are available to collect from their respective student support officer. Wording from PH. You highlighted the challenges that come with the reintroduction of these. We suggest that you reintroduce specifically for the sub-groups/year groups that have reached threshold level where there has been evidence of closely mixing.	Yes	Parents informed and staff and students informed.	G
Face coverings from 29 November 2021	Where students in year 7 (which would be children who were aged 11 on 31 August 2021) and above are educated, we recommend that face coverings should be worn by students, staff and adult visitors when moving around the premises, outside of classrooms, such as in corridors and communal areas. This is a temporary measure. Students in these schools should also wear a face covering when travelling on public transport and dedicated	Yes	Letter sent to parents and to staff. HT	G

	transport to and from school. We do not advise that students and staff wear face coverings in classrooms.			
	Schools, as employers, have a duty to comply with the Equality Act 2010 which includes making reasonable adjustments for disabled staff. They also have a duty to make reasonable adjustments for disabled students, to support them to access education successfully. No student should be denied education on the grounds that they are not wearing a face covering.	Yes	Staff informed. HT in Briefing. November 2021.	G
Educational visits	Visits can take place at the present time	Yes	Governors to approve any planned visits. NRO	G
Parental communication	Regular communication to parents with clear guidance on what to do.	Yes	Letters sent to parents. HT	G
	School put on green measures on 16 November 2021 and increased communication with parents/carers about testing is part of this.	Yes	Warn and inform letter sent to all parents and carers of year 7 students – 15 November 2021 – due to spike in cases	G
Student communication	Reminder to students about testing.	Yes	Regular assembly reminders about testing.	G
Visitors to school	Visitors who offer educational services to the school can visit. Parents/carers can meet with key staff but only with a prior appointment e.g. a return from exclusion meeting. Track and trace document remains in place.	Yes	Ongoing.	G
Good hygiene	Ensure that all adults and children frequently wash their hands with soap and water for 20 seconds and dry thoroughly. Posters are encouraged and schools ensure sufficient handwashing facilities are available in toilet blocks. Where a sink is not nearby, provide hand sanitiser in classrooms and other learning environments. Electric hand dryers continue to be used as cost of paper towel replacements is prohibitive.	Yes	Posters encouraging hand washing. GMO Hand sanitisers regularly refilled and maintained. GMO/VMU	G
Public Health advice on testing, self-isolation and managing	If a school has a substantial increase in the number of positive cases in your school (see Stepping measures up and down for more information), a director of public health might advise that face coverings should	Yes	All communication with the director of PH via the HT.	G

confirmed cases of Covid-19	temporarily be worn in communal areas or classrooms (by students, staff and visitors, unless exempt).			
	<p>Outbreak management plans in place ready to reintroduce bubbles if required and a review made of hygiene, improving ventilation without impacting thermal comfort, and other controls including encouraging testing and using outdoor space where possible.</p> <p>Public Health guidance (18-9-21) Thresholds for detecting transmission in the setting are described as:</p> <ul style="list-style-type: none"> • 5 cases or 10% (whichever is reached first) test-confirmed cases of COVID-19 (either by PCR testing or LFD Ag testing with a follow-up PCR) within 10 days, among students or staff clustered in a consistent group or cohort . Dates should be calculated based on illness onset, or test date if asymptomatic. OR • Evidence of severe of illness e.g. students or staff members admitted to hospital or a death as a result of a COVID 19 infection (PCR or LFD Ag with follow up PCR) as the setting may require advice on risk assessment and communication. 	Yes	School will seek advice from the Dfe Helpline HT	A
As from 29 November 2021	All individuals who have been identified as a close contact of a suspected or confirmed case of the Omicron variant of COVID-19, irrespective of vaccination status and age, will be contacted directly and required to self-isolate immediately and asked to book a PCR test. They will be informed by the local health protection team or NHS Test and Trace if they fall into this category and provided details about self-isolation.	Yes	Staff, parents and students informed of this change.	G
	<p>Green measures put in place for the school</p> <p>Strengthen communications to encourage staff and eligible children to undertake twice weekly LFD testing; and reinforce advice on symptoms and case isolation (for all staff and for secondary school students respectively)</p> <p>Consider moving activities outdoors, including exercise, assemblies, and classes</p>	Yes	LT have looked at document and these steps are being monitored.	G

	<p>Further improvement of ventilation indoors (without significantly impacting thermal comfort)</p> <p>Implement enhanced cleaning, focusing on touch points. Shared equipment should be cleaned after use</p> <p>Review and reinforcement of hygiene measures</p> <p>Strong messaging to school/setting community about signs, symptoms, isolation advice and testing to support prompt isolation of suspected cases.</p> <p>Promote vaccination uptake for eligible students and staff. Please request support from your local authority</p> <p>Management of staff contacts</p> <p>Promote PCR testing for close contacts identified by NHS Test and Trace</p> <p>Use your risk assessment to identify any safeguarding issues</p> <p>Provide warn and inform information to identified group (e.g. class, year group, common activities group).</p>			
Testing	<p>Follow all the guidance with regards to what to do if your child has symptoms, what to do if your child tests positive and what to do if your child is a close contact of someone who has tested positive.</p> <p>If your child tests positive, please report this to the school.</p>	Yes	Parents and staff and students informed.	G
	<p>Students will be tested twice in school at the start of the term.</p> <p>Students must continue to test twice weekly at home until the end of September when this will be reviewed.</p> <p>Staff must undertake twice weekly home tests throughout all of September.</p>	Yes	Letters home to parents/carers. AST station set up in school. DTA/NRO/GMO Testing kits issued to students. DTA	G
Testing	Students should continue to test regularly.	Yes	Parents and staff and students informed	G
December 2021 and January 2022	<p>Students are encouraged to test over Christmas in accordance with current public health advice</p> <p>Students may wish to take a rapid lateral flow test in situations where they are more likely to catch or spread COVID-19. This includes spending time in crowded and enclosed spaces, or before visiting people who are at higher risk of severe illness if they catch COVID-19.</p>	Yes	Letter home to parents/carers about testing over Christmas and on the first day back.	A

Students	<p>Prepare to test secondary school students onsite once on their return to school after the holidays using your Asymptomatic Testing Site</p> <ul style="list-style-type: none"> • Secondary schools, should prepare to offer all students one Lateral Flow Device (LFD) test onsite at the beginning of the Spring term. • This will help to identify positive cases of COVID19 and reduce transmission, to support the continuity of education, particularly as increased social mixing is likely over the Christmas and New Year period. • This test should be taken in the new year when students return to secondary school. 	Yes	<p>Arrangements made to set up Asymptomatic Testing Site (ATS). Staff and parents informed of arrangements for the start of the term.</p>	A
Students	<p>Once students have taken one test onsite, they should continue to test at home in line with current government guidance. Students should be encouraged to take a test at-home 3-4 days after the initial test onsite. Following this, they should continue to test at-home in line with government guidance.</p>	Yes	<p>Letter home to parents and carers regarding testing.</p>	A
Staff and students	<p>Staff and students who are not attending the education setting over Christmas should test in accordance with current public health advice Staff and students who are not attending their setting during the holiday period may wish to take a rapid lateral flow test in situations where they are more likely to catch or spread COVID-19. This includes spending time in crowded and enclosed spaces, or before visiting people who are at higher risk of severe illness if they catch COVID-19. Staff and students who are attending the education setting over Christmas should continue to test twice weekly.</p>	Yes	<p>Staff are made aware and letter home to parents and carers regarding testing.</p>	A
Staff	<p>Prepare for staff in all settings to test at home once, the night/morning before they return.</p>	Yes	<p>Reminder email to staff in January 2022 from HT.</p>	A

	<p>You should prepare to distribute self-test kits before the Christmas break to any staff that need them, to enable them to take one Lateral Flow Device (LFD) test at home before they return. Then continue to test in line with current government guidance.</p> <p>This will help to identify cases of COVID19 and reduce transmission to support the continuity of education – particularly as increased social mixing is likely over the Christmas and New Year period.</p>			
	<p>When an individual develops Covid-19 or has a positive test, students, staff and other adults follow public health advice on when to self-isolate and what to do. They should not come into school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine). If anyone in the school develops COVID-19 symptoms they are sent home and they follow public health advice. Symptoms include: A high temperature, a new continuous cough, loss of taste or sense of smell (anosmia). For everyone with symptoms, they must avoid using public transport and, wherever possible, be collected by a member of their family or household. If a student is awaiting collection, they are in a room on their own if possible and safe to do so.</p>	Yes	PH procedures are followed as relevant. HT/JCL	G
	<p>The First Aid Needs risk assessment is updated. First Aiders issued with PPE (goggles, gloves, mask and apron).</p>	Yes	First Aid Needs risk assessment is updated. GMO First aiders issued with PPE.	A
	<p>The risks to female employees of childbearing age and, in particular, risks to new and expectant mothers must be assessed and pregnant staff are in the clinically vulnerable group. Any employee who is pregnant, breastfeeding, or has given birth within the last 6 months, should check the risk assessment to see if any new risks have arisen. There is Guidance for pregnant</p>	Yes	Individual risk assessments completed for any individual in this group.	A/G

	employees. Pregnant staff should only attend a workplace if the risk assessment states it is safe to do so. Women from 28 weeks gestation or with underlying health conditions such as pre-eclampsia, are at greater risk if they catch Covid-19. It should be noted that heart disease (congenital or acquired) during pregnancy, is classed as clinically extremely vulnerable and will have been notified by Public Health England. The school will follow the same principles for pregnant students.			
Events	Cancellation of events where there is mixing	Yes	The school had to cancel the Black History Month Carnival and the Citizenship Fair in November.	G
Events	Face to face assemblies cancelled and made virtual.	Yes	Parents and staff and students informed.	G
	<ul style="list-style-type: none"> • On the day that students have a PE lesson, they should come to school wearing their PE kit. • All revision classes after school will run as usual. • The learning zone will still be open for year 11 students after school. • Outside PE clubs after school will still take place. For other clubs, students should check with the member of staff. • The library will be open at break and lunch as per present arrangements. 	Yes	Parents and staff and students informed.	G
From 29 November	No face to face meetings to take place in school.	Yes	Staff informed not to hold meetings of any type.	G
Subjects where students mix with other students	<p>In dance and drama for years 7 – 9 students, theory lessons will take place and there will be no practical work. Practical work in technology, science and other subjects will continue.</p> <p>Wording from PH. Dance/Drama lessons: to postpone the planned lessons during this period as we are trying to reduce the close mixing of students</p>	Yes	Consultation with subject leads before putting in place. Parents and staff and students informed.	G
