

# A Level Biology

Use the link to watch the lecture: 'Meet your brain', which introduces the structure of the brain and how everything we perceive is just an interpretation of the nerve impulses that your brain receives.

on <https://www.rigb.org/christmas-lectures/watch/2011/meet-your-brain/whats-in-your-head>

Following this, summarise what you have gained from the lecture in one side of A4 max. (3 paragraphs).
