WHAT
DO YOU
THINK

After watching the video, READ the following two slides about having a goal.

Which statements can you relate to?

VISION - HAVING A GOAL THAT DRIVES YOU

Goals are important to help guide and **MOTIVATE** you: they are about **WHY** you are in the sixth form

Goals shape **WHAT** you do in the sixth form - subjects, extra-curricular, hard work

Medium term goals might relate to **GRADES** for the next stage: even if it's unclear

Longer term goals may relate to **DEGREE** and **CAREER** choices

Having a goal can be an important **MOTIVATOR** through-out the course

Take up opportunities such as uni talks, employer events: they can help you find a goal

Finding out what you **DON'T LIKE** can lead you to what you **DO LIKE**

VISION - HAVING A GOAL THAT DRIVES YOU

Goals **SHARED** with others are more likely to be achieved: share with friends, teachers and family

Aim high and then use **EVIDENCE** to check that you are achieving your goal e.g. tests, other milestones

Don't forget **BROADER** goals: happiness, family, relationships: these are important

Sometimes working for certain **GRADES** is goal enough: degree or career can come later

Spend time **FINDING** a longer term goal: career, degree choice etc

STICKING to your goal is important: **RESILIENCE** requires being able to stick to a goal

Occasionally, goals will need to **CHANGE**, so be willing to develop as a person

PASSPORT TO SIXTH FORM

HAVING
A GOAL

Start researching what your GOALS might be

Is it a particular CAREER?
Not everyone has an idea
right now but it's worth
starting to explore options.

Is there an APPRENTICESHIP
you wish to take?

Is it simply getting to
UNIVERSITY for now and
then you might know more?

Do you have a goal that isn't
career related, perhaps?
