

The **DICE** programme 2023-2024

DICE is the name of the extra-curricular programme at Blackfen School. The programme schedules extra activities that take place before, during and after the school day and is embedded in our growth mindset approach to learning and life for all of the adults and students who work here. School leaders are grateful to staff who take and make extra time to share their own learning in fun and exciting ways; and admire students who choose to embrace learning in all its forms.

DICE activities are organised at four levels, so that you can make growth mindset choices to suit you.

Discover: Learn about for the first time - *I want to know, understand and find out more*

Initiate: Try out for the first time - *I want to try out or perform for the first time*

Challenge: Extend learning and performance - *I want to put in extra time and work to improve my understanding and performance*

Elite: Develop expert learning and performance - *I want to achieve expertise in my understanding and performance*

What will you do next?

Spring *DICE* programme 2024
